 Quezon City, Philippines | Open to Remote Work

SUMMARY

Customer Support and Technical Support Specialist with 5+ years of experience supporting global customers via live chat, email, and phone. Experienced in Tier 1 and Tier 2 troubleshooting, billing and subscription management, CRM systems (Zendesk, Salesforce), and remote support tools. Proven ability to resolve complex technical and account issues in high-volume SLA-driven environments while maintaining strong customer satisfaction. Fluent in Arabic and English, supporting international platforms and remote teams.

WORK EXPERIENCE

Content Moderator & Community Support (Part-time)

Modsquad (Sep 2024 - Current)

- Moderate user-generated content across Discord and Steam communities following platform safety policies with a consistent above 90% QA score across the board.
- Investigate user reports and enforce community guidelines while maintaining neutrality and consistency
- Identify harmful trends, escalating complex cases to trust & safety teams for resolution
- Delivered community support and maintained positive engagement across online communities.

Multilingual Call, Chat and Email support (AR)

JIFU TRAVEL (Jan 2023-Jan 2025)

- Provided multilingual customer support via live chat, email, and phone.
- Resolved billing questions, account access issues, and Tier 1 technical concerns
- Maintained clear case documentation and escalated issues when required

Level 2 Customer Support & Billing Specialist (Ar)

MODSQUAD (Dec 2023- Aug 2024)

- Resolved advanced billing, subscription, and account-related issues for a global music streaming platform
- Investigated and resolved failed payments, duplicate charges, refunds, and renewal errors with high accuracy.
- Provided Tier 2 technical support for application access and subscription functionality, escalating issues when required

Content Moderator (AR)

TaskUs (Jun 2020 - Jan 2023)

- Reviewed and moderated text, image, and video content under strict trust & safety guidelines
- Reviewed and moderated high-risk user content in accordance with platform trust & safety policies, ensuring consistent enforcement and escalation of policy violations.
- Escalated complex or borderline cases and supported policy enforcement

Customer/Technical Support Service

Concentrix (Apr 2019 - Jun 2020)

- Provided technical and customer support for U.S. and Canadian customers, resolving 30+ support inquiries daily.
- Troubleshoot hardware, software, and connectivity issues using remote access tools
- Delivered clear guidance and maintained accurate CRM documentation
